Partnership opportunity with BreastScreen WA

When did you last
have a FREE breast
screening mammogram?

Once is not enough

It is important for women 50 years or over to have a
FREE breast screening mammogram at least every two years.
Early detection is your best protection.

Online bookings available

BreastScreen WA is offering organisations the opportunity to partner with us to promote breast cancer awareness and screening services to the public.

BreastScreen WA can supply framed or laminated posters (pictured left) to promote BreastScreen WA's free breast screening program throughout the office premises.
